

“Windows to Heaven”

The Stained Glass Window Fundraiser

Two years ago the stained glass window project was introduced. Many parishioners have contributed to the fund through donations, trays passed, collection boxes, and coffee hours. To date we have raised \$15,000, however this is far short of what is needed to complete the project.

The windows continue to deteriorate with more buckling from the heat and exposure to the elements. We now have 2 cracked windows. If nothing is done, the windows will continue to decline to the point where the repair costs will exponentially escalate. Fortunately, the windows have not been completely destroyed and we can take this as the opportunity to be proactive and protect what we have from further damage. With this, the Parish Council is pleased to present the following fundraiser to raise the remainder of the funds. This fundraiser will raise the money that we need to fully restore and protect our beautiful windows, and to raise money for additional large capital replacement needs. With this fundraiser, you will now have the opportunity to sponsor the restoration of a window with a commemorative engraved marble plaque placed at the bottom of the window. Your engraved plaque will match the marble window sill already there and will cover the current unattractive aluminum base. In sponsoring a window, you will be able to dedicate that window with the following choices:

Restoration in Memory of . . . , Restoration in Honor of . . . , or Restoration by . . .

We will provide the first opportunity for restoration sponsorship to the original donor families until September 1, 2012. Original window sponsors who wish to restore their original window must have their check and form in by September 1, 2012. However, anyone may submit a form and check to reserve a window in the event that the original family does not sponsor. After September 1, 2012 if the original sponsoring family does not participate, the window will be made available for restoration based on a first-come, first-served basis from the forms and checks received. The large stained glass window in the Narthex over the entrance doors will be designated as a gift from our entire community for all of the support given so far and for future donations that are not going to a specific window.

The windows are now a priority and with this fundraiser we will be able to start this project by October of this year, and possibly sooner if enough windows are sponsored. If you are interested, please complete the form on the back page of this Messenger. Please hand-deliver or mail to our new office manager, Christine’s attention so that it may be date-stamped. Please note that any form received without a check for the full amount will not count as a reservation. Thank you for your continued support. Please address any questions and inquiries to Despina Sibley 813-758-0520 or to dzs1017@gmail.com.

Below please find a listing of each window, the original dedication, and the donation amount to restore.

East Side:	Donation	West Side:	Donation
